# FIROZ SABATH
SOFTWARE DEVELOPER

## PROFILE

I am an experienced ASP.NET developer with 6+ years behind the keyboard. I hold a degree in Electronics and Communication Engineering. I minored in Programming with a focus in ASP.NET tech. Whether independent or operating on a team my analytical approach to problem solving has been a plus. I have an extensive history developing and upgrading applications optimizing website performance and investigation and troubleshooting issues ensuring smoother processes for every end user. I always on the lookout for training and new trends in the technology.

In my current position I have many greater responsibilities right from designing the database to generating logical codes with c# and .net core. I work with both client side and server-side operations and taking care of deployment in IIS as well.

# EXPERIENCE

## WEB DEVELOPER, CANADIAN UNIVERSITY DUBAI, DUBAI, UNITED ARAB EMIRATES
DECEMBER 2017-PRESENT
