Objective

Seeking a challenging career that will enable me to exhibit my professional competency and will enable me to expose my talent to the max and to reach the heights of success.

Professional Summary

- ❖ 5+ years of experience software development industry.

- ❖ Expertise in application development using asp.net Core, MVC and Entity Framework.

- ❖ Expertise in developing application using .NET 4.5/ 4.0/ 3.5, MS Visual Studio 2012/2010/2008, MVC 3.0/4.0/5.0, Razor View Engine, C# .Net, ASP.Net, .Net, LINQ, AJAX, XML, JavaScript, JQuery, JSON, HTML and CSS, SQL 2008/2005, web services

- ❖ Capable to delve into the new leading technologies & fast learner.

- ❖ Organized and can work well under pressure.

- ❖ Adaptability and ready to accept challenges.

- ❖ Experience in MVC and MVVM.

- ❖ Strong Knowledge in SQL, Stored procedures, using of cursors etc.

- ❖ Experience in complete SDLC.

Technical Skills

- ❖ Good understanding of Software Development Life-Cycle (SDLC) and Database Design.

- ❖ Requirements gathering, analysing and implementing the Business Requirement.

- ❖ Experience in asp.net web forms,asp.net MVC and asp.net core.

- ❖ Advance knowledge in creating web API with latest Microsoft technologies(core) and JWT authentication.

- ❖ Experience in **C#.NET, ASP.NET** using **ADO.NET**.

- ❖ Experience with Microsoft **Application** building blocks for .Net projects **Data Access, Exception Handling, Serialization and User Interface Process**

- ❖ Experience in **Web applications** in .NET Framework.

- ❖ Experience in **HTML, Bootstrap, CSS,JQuery, javascript,** and **OOPS** Concepts.

- ❖ Experience in **SQL Server**.

- ❖ Experience in WordPress and PHP.

- ❖ Experience in Classic asp.

❖ Professional Experience

Current Employer   **-**   **Canadian University Of Dubai.(From December 4th to current Date)**
Designation   **-**   **Software Developer**

Previous Employer   **-**   **Coelho Systems Private Limited (29th September 2016 to 31stAugust 2017).**
Designation   **-**   **Software Developer.**

Previous Employer   **-**   **JS Infotech Private Limited (15th May 2015 to 9th September 2016).**
Designation   **-**   **Software Developer.**

Projects worked

Project 4 : Canadian University Of Dubai

Skill Set Utilized   **:** ASP .NET MVC, C#.Net and SQL Server 2008, JavaScript, Html, CSS, bootstrap.

Project Description   : Worked on the website of Canadian University and different portals which I had been working with. Worked on the enhancement and update of new features like GPA Calculator and use of crystal reports.
Created Applications like Invoice Generator and Course Syllabi, Quotation Generator, Advisor Update.
Created a brand New Online Application portal with Asp.net MVC Framework.
Had created website for the Canadian Nursery Dubai using Word Press.

Responsibilities:

- Developing the application using MVC, Entity Data Model and RESTful and WCF services.
- Responsible for UI design and creating contracts and classes.
- Implemented UI using MVC 4.0, HTML, XML, CSS, JavaScript, Razor Views.
- Coding and Tuning the queries, Stored procedures and functions, Triggers using PL/SQL
- Experience in designing and invoking reports for Web Applications using Crystal Reports and SSRS SQL Server Reporting Services.
- Used Java Script and JQuery to validate the user input.

Project 3: AACO (AIDS Activities Coordinating Office)

Skill Set Utilized   :ASP .NET Forms,   C#.Net and   SQL Server 2008, JavaScript,   Html, CSS.
Team Size   :   4.
Project Description   : It   is the   Contractual   Financial Management   System   (CFMS).
- Funding
- Budgeting
- Expenditure system
- Invoice generator
- Payment system
- Encumbrance master

For the services of the AACO system the federal and state government in USA providing funds. There is lot of funding source to provide the financial help. Once getting the fund from the source they will make a budget plan for the year. And then they will make it as an input to the expenditure system. From the expenditure system they will generate the invoices. And then they will send the generated invoices to the payment system. Then the payments can be made for the corresponding budget.

Role in the project:

- Designed Web pages and developed functionalities for the product.
- Designed and modified Stored Procedures to corresponding functionalities.
- Modified Web forms and added functionalities as per new enhancements.

Project 2: **Homeless Management Information System**

Team Size   : 4

Skill Set Utilized   : ASP .NET Web Forms, C#.Net and SQL Server 2005, JQuery, Html, CSS.

Project Description : Delco – A Homeless Management Information System (HMIS) is a software application designed to record and store client-level information on the characteristics and service needs of homeless persons. An HMIS is typically a web-based software application that homeless assistance providers use to coordinate care, manage their operations, and better serve their clients. HMIS implementations can encompass geographic areas ranging from a single county to an entire state. An HMIS knits together homeless assistance providers within a community and creates a more coordinated and effective housing and service delivery system.

Role in the project:

- Used 3 – tier architecture for presentation layer, business layer and data access layer using C#
- Extensive usage of JQuery plugins and Ajax calls using JQuery
- Worked extensively with Data Adapter, Dataset and Data Reader throughout the application
- Good knowledge in working with Grid view, events and customization of Grid view
- Good experience in working with collections

Project 1: Pharmacy Software for Whole Sale Distributors

Team Size   : 4

Skill Set Utilized   : C#.Net and SQL Server 2008.

Project Description   : PPLUS is a complete solution for the data management for pharmacy distributors. It is a

user friendly and easy to understand step by step processing. The major processing like Purchase management, Stock Management in multi go down, Expiry Product Management, Sales management, Order analysis, Reorder level processing, Posting to the Accounts module, Ageing, and also it has various level of user security. The software gives facility to print in continuous paper or pre-print format. All the transactions are posted to the accounting module.

Role held in the project:

- Designed Win forms and developed functionalities for the product.

- Created new and modified existing Crystal Reports.

- Designed and modified Stored Procedures to corresponding functionalities.

- Modified Win forms and added functionalities as per new enhancements.

Educational Qualification

B.E (CSE)   : CMS College of Engineering and Technology, Kumittipattti, Coimbatore, TamilNadu, Jun 2013, (69%).

HSC   : SNPS Hr.Sec School, Elapully (post), palakkad, Kerala, Mar 2009, (55%).

SSLC   : SNPS Hr.Sec School, Elapully(post), palakkad, Kerala, Mar 2009, (70%).

Personal Details

Name   : Firoz Sabath

Date of Birth   : 4_{th} September 1990 (30 Years)

Marital Status   : Married.

Languages Known   : Hindi, English, Malayalam & Tamil.

Visa Type   : Residence Visa.

Passport Number   : L2983340

Joining Period   : Immediately.

Permanent Contact : +971 501769716
